

BILLING CODE: 4163-19-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

**Designation of a Class of Employees for Addition to the
Special Exposure Cohort; Correction**

AGENCY: National Institute for Occupational Safety and Health (NIOSH), Centers for Disease Control and Prevention, Department of Health and Human Services (HHS).

ACTION: Notice; correction.

SUMMARY: HHS published a notice in the **Federal Register** (Volume 77, Number 130, Page 40059) on July 6, 2012 to give notice of a decision to designate a class of employees from the Feed Materials Production Center (FMPC) in Fernald, Ohio, also known as the Fernald Environmental Management Project (FEMP), as an addition to the Special Exposure Cohort (SEC) under the Energy Employees Occupational Illness Compensation Program Act of 2000. The designation was incorrect. Therefore, HHS has published this notice of correction. On June 27, 2012, the Secretary of HHS designated the following class of employees as an addition to the SEC:

All employees of DOE, its predecessor agencies, and their contractors, or subcontractors who worked at the Feed Materials Production Center (FMPC) in Fernald, Ohio, from January 1, 1968 through December 31, 1978, for a number of work days aggregating at least 250 work days, occurring either solely under this employment, or in combination with work days within the parameters established for one or more other classes of employees included in the Special Exposure Cohort.

The designation published in this notice of correction will become effective on July 27, 2012, unless Congress provides otherwise prior to the effective date. After this effective date, HHS will publish a notice in the Federal Register reporting the addition of this class to the SEC or the result of any provision by Congress regarding the decision by HHS to add the class to the SEC.
